ABOUT PACKAGING

Nishan Food Supplies L.L.C, specialized in supplying high quality, flexible packaging material, Laminated Rolls and Pouches Bags, using different types of food contact materials e.g., PET, Metalized PET, BOPP, Metalized BOPP, CPP, Metalized CPP, All types of Polyurethane, Aluminum Foil, Paper and many more. Our flexible packaging products are used across a diverse range of industries. Whether it's snack food, Frozen, coffee beans, Nuts or Detergent we have the expertise to help customers determine what kind of packaging works best for their unique market.

Roll Form

Printed Laminated Roll Form and laminated films are available in roll form which can be used for FFS machines that used for most of food packaging applications, Pharmaceutical, Detergent, and other industries sectors.

Standup Pouches

Printed & Unprinted Stand-Up Pouches are available in different sizes, styles and color options. Further, these standard stand-up pouches are available in clear, one sided clear/one sided color options.

Stand Up Zipper Pouches

Printed & Unprinted Stand-Up Zipper Pouches Coming with great shelf display abilities, helps customers in providing & increasing options for packaging for different industry sectors.

Three Side Sealed Pouches

Three Side Seal Pouches are suitable for packing consumer food products like Dry & Powder Food, frozen foods, Detergent, and other products. These bag varieties are preferred for providing high visibility on shelves at supermarkets.

Three Side Sealed Zipper Pouches

Printed & Unprinted Three Side Sealed Zipper Pouches are available in different sizes, styles and color options. Three Side Sealed Zipper Pouches Coming with great shelf display abilities.

Center Sealed & off side center sealed Pouches

Center Sealed & off side center sealed Pouches are used especially in food and medical packaging applications. Printed & Unprinted Center Sealed & off side center sealed Pouches are available in different sizes, styles and color options.

Vacuum Pouches

Vacuum Packaging Pouches are quality constructed vacuum pouches that can be made available by us in different choices of designs, shapes, sizes as well as attractive color combinations. Further, the vacuum packaging pouch assortment is available at leading prices and finds use for packing foods and engineering products for achieving higher shelf life as well as rust-proof packaged finish to the products.

Coffee Pouches with Valves

Coffee Pouches with Valves are a must when it comes to the packing coffee. These installed one-way degassing valve allow roasters in packing freshly roasted coffee immediately without issues of bags getting busted open due to trapped air as the unique construction of these bags releases gas and continue to do so for up to 7 days. Further, while releasing the gas, these also prevent the entry of air inside that helps in maintaining the freshness of the products.
